The Honorable Patricia A. Serpa Chair, House Committee on Oversight State House, Room 101 82 Smith Street Providence, RI 02903

Dear Chair Serpa:

Please accept the attached report as the state's most recent update on the RIBridges system, which covers the reporting period April 16, 2025 – May 15, 2025. This document contains monthly updates on the following topics:

- System Performance and Improvement
- RI Department of Human Services (DHS) Employee Training
- Pending Applications
- SNAP Timeliness and Lobby/DHS Call Center Summaries
- CCAP Batch Payments
- Correspondence with Federal Partners (if any)

We appreciate your continued advocacy on behalf of those we serve, your interest in the health of the RIBridges system and the progress made to address outstanding issues. Please contact me should you have any questions or concerns.

Respectfully,

Kinden Meralla Brito

Kimberly Merolla-Brito
Director
RI Department of Human Services

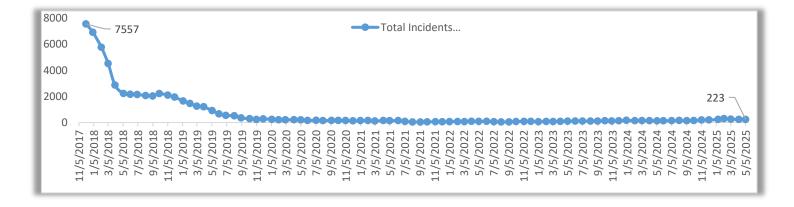

# RIBridges: Monthly Update May 2025

Our team takes its charge seriously in promoting health, nurturing quality of life and being there for Rhode Islanders when needed. Our oversight of the work on the RIBridges system is an important part of the equation. System stabilization and efficiency remains a priority for DHS, and we continue our focus on ensuring full system compliance in light of the RIBridges data breach in December 2024. This report provides an update based on currently available data detailing our efforts and progress to date.

#### SYSTEM PERFORMANCE + IMPROVEMENT

At this time, the number of new and existing incidents remain elevated. Open incidents are beginning to decline and there are currently 223 reported. These incidents refer to technical bugs when the system does not operate as expected for the DHS customer, staff member, or provider. While the agency will continue to closely monitor open incidents, it is important to note that there are open incidents throughout the year even when the system is operating as normal. The current number of open incidents also still represents a steep decline from December 2017, when the RIBridges system first launched.

#### **DHS STAFFING**

DHS continues to progress in hiring candidates for identified critical positions. Since the last report in April, DHS has hired 16 employees who have started in their new roles, which is comprised of net new, lateral, and promotional hires. These include:

- 1 Administrator of Family and Adult Services
- 1 Administrator, Family and Children's Services
- 9 Eligibility Technician I
- 1 Eligibility Technician III
- 1 Senior Human Services Policy and Systems Specialist
- 2 Supervising Eligibility Technician
- 1 Social Case Worker

#### **Training Descriptions**

**New Hire Orientation:** The goal of the session is to provide new employees with all the pertinent information they need to begin working at DHS and to familiarize them with organizational policies and procedures. Besides introducing employees to the RIBridges system, participants learn:

- The organizational hierarchy
- DHS's mission and vision
- A broader understanding of DHS programs and services
- Policies and procedures regarding payroll, dress code, and other practices
- Rules, regulations, and laws surrounding Federal Tax Information (FTI), Civil Rights, Voter Registration, and Health Insurance Portability and Accountability Act (HIPAA)
- Basic navigation and data collection training in RIBridges

**Supplemental Nutrition Assistance Program (SNAP) Office Hours:** SNAP Office Hours provide an open forum for staff to ask general system and policy questions or case specific questions related to SNAP cases they are processing. Staff are encouraged to attend SNAP training to improve their knowledge and proficiency around SNAP.

**RIBridges Basics Learning Series:** This course provides an overview of the basic functionality and business processes within the RIBridges system, the integrated eligibility system the state uses to determine eligibility for health and human service benefit programs. Topics include, but are not limited to, the home screen, the visit record, application registration, scheduling, data collection, eligibility determination, search inquiries, and case notes.

**Child Care Assistance Program (CCAP) Office Hours:** CCAP Office Hours provide staff with an open forum for staff to ask general system, policy or case-specific questions related to CCAP cases.

**Medicaid Office Hours:** Medicaid Office Hours are designed to be an open forum for staff to bring system and policy questions related to non-LTSS Medicaid being processing. Staff are invited to bring specific cases and questions for discussion with a Clinical Training Specialist.

**RI Works (RIW) Office Hours:** RI Works Office Hours provide staff with an open forum for staff to ask general system, policy, or case-specific questions related to RI Works cases they are processing.

**Community Medicaid Learning Series:** The Community Medicaid Learning Series is a full-day session, which provides participants with an understanding of the two Medicaid coverage groups and eligibility requirements for community Medicaid. Participants also learn to integrate learning concepts within RIBridges, learn to interpret Medicaid eligibility results, and explore health plan enrollments at Managed Care Organizations (MCO).

**SNAP Learning Series:** The SNAP Learning Series is designed to introduce new Eligibility Technicians to SNAP program policies and the RIBridges system. Through this series, participants learn about the application process, navigating the menus in RIBridges, reviewing eligibility results, updating cases, interviewing customers and more.

**Multicultural Competency Learning Series:** The Multicultural Competence Modules offer contextualized, scaffolded antioppression educational workshops for DHS employees. There are four foundational modules that introduce participants to frameworks, concepts, and strategies so DHS personnel are better equipped to advance its diversity, equity, and inclusion strategic goals individually and collectively. Each module is presented weekly, and each session is 1.5-2 hours. The format for the sessions include facilitated dialogue, with individual and group activities.

**Customer Relationship Management (CRM) Office Hours:** An open forum, the CRM Office Hours provide staff with an opportunity to ask general system questions or case specific questions related to the new HealthTrack 2.0 CRM system. New and experienced staff are encouraged to bring simple to complex questions to this forum.

**40 Quarters and SAVE Interface Walkthrough**: During this session, participants are guided through the 40 Quarter's Interface and the SAVE Interface. The session provides an in-depth view of the interfaces, review of the available data, navigations tips within RIBridges, and when and where the data can be utilized within RIBridges.

**Multichannel of Communication for Call Center Staff:** A positive customer interaction begins at the moment of connection between the client and the agent. Through the Multichannel Communications course, participants develop the skills needed to be supportive and responsive during calls.

**Run, Hide and Fight:** This learning session provides participants with clarity on how to respond to an "Active Shooter" situation to protect themselves and others.

**Fire Safety:** This one-hour session covers the basics of fire safety to ensure staff are prepared in the event of a fire emergency. This session also provides valuable life-saving insights on hidden fire dangers, portable fire extinguishers, and more.

## PENDING NEW APPLICATIONS

All systems impacted by the December 2024 cyber breach have been fully restored and are fully operational. As of May 12, the total number of pending applications is 4,498 (inclusive of all applications). The number of overdue applications requiring DHS action is currently at 1,335 applications, representing a stable caseload.

With the system fully operational, DHS has returned to prioritizing the efficient and timely delivery of public benefits. Through the consistent improvements to operations over the last year, DHS showed its resiliency in response to the breach. Initiatives such as Technology Adoption Days, IVR enhancements, and now SNAP Connect provide DHS with enough flexibility to be able to pivot as was needed during the breach. In the coming months, DHS anticipates more customers taking advantage of hands-on support and training to navigate the Customer Portal on Wednesdays.

Additionally, DHS is excited to share the SNAP Connect pilot for Pawtucket residents is running successfully, and progress to date will be shared when more data is available. The SNAP Connect pilot builds on the agency's efficiency focused initiatives to improve the overall customer experience. Through this new service, customers have the flexibility to complete interviews or renewals when it is most convenient for them. DHS expects to see further improvements in pending applications, call center wait times, and the customer experience as a result of SNAP Connect in tandem with Technology Adoption. Additional resources regarding SNAP Connect is available on the DHS website (<a href="https://dhs.ri.gov/SNAPconnect">dhs.ri.gov/SNAPconnect</a>). The pilot is being monitored closely before DHS expands it to other cities and towns.

Below, you will also find data for Processing Wednesdays, now called Technology Adoption Days, which has been instrumental in giving staff the time needed to process applications, forms, and documents.

#### **SNAP TIMELINESS**

In April 2025, there were 87,596 households that received benefits, and no RIBridges-related delays were reported. For new SNAP applications in April, approximately 78% (2,629) were processed timely. Approximately 22% (721) of new SNAP applications were processed untimely. Importantly, cases needing to be processed that are awaiting customer or state action (such as completion of interviews or receipt of requested documents) may become overdue, leading to the untimely authorization of benefits that is not reflective of the overall customer experience.

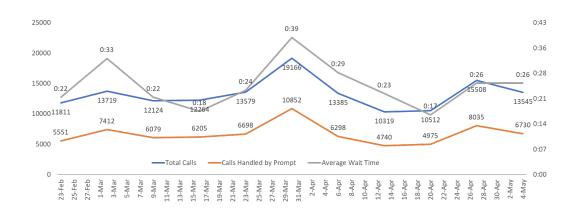

## **CALL CENTER**

The volume and duration of calls for the weeks of March 30 through May 4, 2025, resulted in an average wait time of approximately **26 minutes.** While DHS has achieved its goal of reducing average wait times to under 30 minutes, we anticipate wait times to continue improving through technology enhancements planned for 2025.

Importantly, DHS expects to see continued improvement through efficiency focused initiatives such as the SNAP Connect pilot, which provides customers with more flexibility to complete SNAP interviews on their schedule. The pilot, which launched in April, is currently limited to Pawtucket residents only. DHS will closely monitor the pilot and any impacts to Call Center volume to refine the operational model before it is expanded to other cities and towns. A press release and additional supporting materials is available on the DHS website.

This initiative as well as other enhancements and strategies collectively aim to improve customer service by reducing abandonment rates, promoting one-touch processing, and striving for a 30-minute or less wait time across all queues. DHS remains committed to excellence in service delivery through optimized processes, workforce training, and innovative technological solutions.

The busiest week at the Call Center is the **week beginning March 30, 2025, with 19,166 calls** to DHS. DHS continually monitors and reviews Call Center data to effectuate appropriate operational changes.

# CORRESPONDENCE WITH FEDERAL PARTNERS

The Centers for Medicare & Medicaid Services and the USDA Food and Nutrition Service are important partners to the state. DHS continues to communicate regularly during the monthly touchpoints to review progress made.
