

What is the CCAP for Child Care Pilot?

The Rhode Island Department of Human Services (DHS) Office of Child Care oversees the Child Care Assistance Program (CCAP), which subsidizes the cost of child care for eligible Rhode Island families. The CCAP for Child Care pilot is a one-year pilot offering CCAP benefits to early childhood educators and staff working in DHS licensed child care programs. The intent of the pilot is to support early educators in accessing child care for their children so they can continue working, without worrying about the cost of child care.
